Games For Children's day

National Children's Day

by: Ana Laura Arizpe & Luciana

~Talent Show-The talent show is sometimes too short, so we need the talent show two times. In the morning and in the afternoon we needed two times because some acts are too COOL!!!

~Indoor Activities-the indoor activities are with moms but sometimes with teachers and those activities are boring because we have to sit down on children's day we need to run, so the moms need to put the activities outside or more time with some outside activities.

~Food-the food is very delicious but we are bored of getting gorditas to make us gorditas all the time, so we want food like: pizza, tamales, hamburger, or something else that don't make us gorditas like gorditas.

~Outside Activities-the outside activities are very FUN more fun than the indoor activities, but the outside activities are always the same they need to change them.

Talent Show

In April 27 we celebrate the children's day and in that celebration is going to be the talent show.

A Talent show is a show that the kids participate and show their talents. The talent show is presented by Jr.Stuco. Each kid presentation can only be 2min because they are a lot of kids.

Before the center of arts the talent show was presented in the high school gym but when the center of arts was constructed the talent show and other activities were there.

When you go to the backstage you have to wait there until they call you to participate but when you are the next the light turn off so that you can be ready to be awesome.

In the talent show the kids first sit in the chairs (the ones that are not first) and when its almost their turn they go the backstage and prepare to show their talent's. The kids can do many things like dance, sing etc.

Soccer ASOMEX

International
by: Carlos & Emiliano

The soccer ASOMEX took place at Monterrey from 14 to 18 of March. The inauguration took place at Colegio San Roberto and all of the games, and the closure was at Colegio Ingles. All the team went on a bus to Monterrey and stayed at the Holiday Inn hotel. During the inauguration all the participating schools marched with their flags and the Mexican and American anthem were played with trumpets and drums. There was also a tap dancing show.

The soccer games were in the morning then they had time to eat and rest. In the afternoon they went to soccer clinics

where they get to play and meet students from all the different participating schools. It was a friendly tournament so there were no champions. The CAT did a great job, they came back undefeated. The first game was against Cancun, the final score 6 - 1. The next game against Eagles 6 - 6, then against American Institute of Monterrey 5 - 1 and the last game versus Wolf's Saltillo 5 - 3.

During the closure all the kids received their medal and the school director gave a farewell speech. The CAT team went back to Torreon on the bus and had a party to celebrate.
