Games For Children's day

National Children's Day

by: Mariana & Ximena

Children's day is a very fun day here at CAT. We get to go to the Talent Show, eat lunch, watch a movie, we play with moms, go outside to play and go home. We get to experience a lot of fun. That's why we like children's day.

The first thing we do is we go to the classroom then at 7:45 we line up and go to the Art Center. Then we go to sit in a super nice chair. We wait until the presentation is over. After the Talent Show we go back to the classroom.

After the Talent Show, moms come and bring us something to eat. After we finish eating our food moms go. Sometimes our teacher let us bring candy so that's the moment that we will share our candy.

When all the candies are share we start watching the movie. While waiting until the movie is over we can eat our candy. We can lay on the carpet or even stay on our desks. The good thing of the

movie is that some of our teachers let us bring chips. After the movie two moms come to the classroom. Moms bring games and let us play. After a while we go to rotate in other classroom and do different activities. When we finish rotating we get back to our classroom.

Then, our teachers take us outside. We play different games that our special class teacher told us. We play on different stations. When we finish on each station we go back to the classroom. We clean up and go home.

State Science Fair

by: Sofia & María Paula

In February 20, 2018 We had a science fair, all 5 grade Participated. For the science fair everyone used the formal uniform, everyone got to choose their partners, maximum 3 persons per group, only from the classroom. They gave time for the students to explore other projects. They also gave time to eat. The parents came to see the projects.

Sports

by: Santiago & Santiago

Another One, we had gone to Monterrey. The category of Convivencia were undefeated the Monterrey Asomex. First they win vs Cancun 6-1 and Emilio broke a kid his leg by falling over him. After that we went to eat at Chili's, then we went back to the hotel were we watched tv.

On the next day we played vs AIM we won also 6-1, after the game we went again to Chili's we saw the Barcelona's game and went back to the hotel, then we went to the eagles clinic then go back to the hotel and celebrate by eating pizza. On Saturday we play vs eagles and tied 6-6. After that we went to eat at Johnny Rocket then my room buy a dozen of Krispy cream, we went to the hotel we went to the clinic, we went to the hotel and rest because on Sunday we don't have any games.

On Sunday we eating the hotel we played soccer in the rooms and yes, we went to eat at Chili's. Then we bought another donut dozen, Gerald changed his I phones screen, and we saw the Santos game who won and watched the tv.

On Monday our last day there we played vs Saltillo and won 3-0 Emilio fall again but funnier. We went to the clausura of the asomex and get to the hotel to pack up.

Talent Show at the CVPA

Entertainment Talent Show

by: Camila & MariFer

Children's day is coming and also the Talent Show! Talent Show is a time where you can enjoy children's day and have fun. The purpose of the talent show is to make children demonstrate their talents to the audience, by dancing, singing, making magic, acting, telling jokes, making the audience laugh, gymnastics, etc...

Being in the talent show means to... practice, have perseverance, and have courage to be performing in front of a lot of people. So the real meaning of the Talent Show is to celebrate children's day!

Interview

MariFer is in a group to participate in the Talent Show, she feels nervous, out of normal because

Another's person's arms are her arms. Marifers purpose is to make people laugh by being little dwarfs dancing. She feels good with her group, all

her teammates cooperate on being focused. Marifer wanted something that was never seen on the Talent Show, she thinks she is ready.

Social

by: David & Emilio

Emilio went to the house of Bazzoni and they play Xbox then they went to Bazzoni grandma's house and play soccer they jump in the trampoline and they watch Tv, then Bazzoni get bored and he started to play with his iPad until 7:00 pm. Then they went back to Bazzoni's house they play until 7:15 and then Emilio's mom pick up him and they went back home.

In the last week there was an event in Gameday. It was about the Panini album of the World Cup they were promotions for example 1 hamburger and 5 packs for \$50, you could trade stamps with the people that were there so you could complete the album faster and the best of all is that Santiago De La Fuente brother is the owner of the restaurant and Santiago give away informative cards about the event in school so kids could go to Gameday.

State Science Fair

by: Sofia & María Paula

only 4 groups won, the group that won 1st place was of Michelle, Isabella and Luciana Pimentel. There project was about Free Energy it was about producing energy by pedaling.

In 2nd place won Marisofi and Maria Jimena Pallas. There project was about solubilidad it was about the things are healthy and not healthy.

In 3rd place was a tie with Camila Magana and Marifer Muñoz they tie with Ernesto, Gonzalo and Rogelio.

Camila's and Marifer's project was about magic it was about how to make magic, Ernesto, Gonzalo and Rogelio's project was about rockets it was about how to make rockets.

Six Flags CDMX

International Asomex

by: Javier & Samantha

Recently a lot of CAT students from Elementary, Middle School, High School, teachers, parents and even grandparents went to the Music Asomex.

Their journey started on March 13, 2018 when Elem students rode the bus and the High School students rode the van to go to Mexico City.

The bus students arrived at Peterson School after a 14 hour trip. Unfortunately our dear van students got stuck because they had a flat tire, but finally after 19 hours they arrived!

In Peterson School they ate PIZZA with Choco Milk! Then, they rehearsed and they played. Finally they went to the hotel and they swam. They also ate dinner and slept.

The next day they went to Peterson School and the

Elementary students played with the teacher (Mr. Victor) while the High School students rehearsed for the play. Then they rode the bus to go back to the hotel but they got stuck in a traffic jam for 4 hours! Fortunately they arrived at the hotel. It was an exhausting day so they just ate dinner and went to sleep so they would be prepared for the next day.

It was Friday, they woke up and ate breakfast and they went to the bus. They got lost again! When they got to Peterson School at about 11:00 the HS students played in the play while the Peterson students gave a school tour to the Elem students. Then they went to another school to play. Then they went to the mall and they had fun!

Then they went back to the hotel and they slept.

Saturday was a challenging day. They went to Peterson School and everyone in the whole ensemble played 7 songs!

It was fun. They went to the hotel, but they had a pit stop to eat PIZZA! Then they went to sleep.

Sunday was their last day in Mexico City. They rode the bus and they got stuck one more time! Finally they got to Six Flags and they had some fun! They went to a lot of rides like Superman, Batman, etc. Then they rode the bus back to Torreón.

Local

by: Sofía & Ma. Jimena

5c is becoming the smallest class in 5th grade because Daniela changed school because c.a.t was becoming difficult for her so she changed to a School that fits more her personality. Then Luis Miguel changed to a different section because he had differences with miss Wendy. At the end Hwan **left** to Monterrey cause his father have work to do. Daniela moved from school by December, Luis Miguel changed section in January, and Hwan moved to Monterrey by the end of February beginnings of March. Now in 5c we are only 14 students in total. The good things about having a small group is that the teacher doesn't need to stop and explain the work many times and the room is a little bit quieter the bad things about having a small group is we make more work because the teacher doesn't need to stop and explain many times and that the classroom is quieter.
