Children's day around the world

National Children's Day

by: Guillermo & Gabriel

Children's day is coming and we are preparations by setting out the auditions in the talent show, buying some candy and preparations for all elementary students. The children's day is originally celebrated on April but we are going to celebrate it the 27th because 30 is Monday and, who likes to celebrate an important day in the first day of working in the week??? The locals called it 'the day when children rules' but it is more than that, the moms of the children at C.A.T are going to come to give us food, drinks, prizes, and fun activities!!! The child's have waited more than 3 months since 2018 begun.

April 27-29 there will be a basketball tournament on Durango. The name of the tournament is 2nd Cumbres Cup 2018.

The participants will be kids born on 2006 and 2007.

There will be C.A.T girls on the basketball tournament.

Anyone has possibilities to win. An Elementary girl went to a swimming competition from April 13 to April 14.

On Friday she swam 100mt combined, then she swam 50 mt butterfly, then at the end of the day she swam 50 mt freestyle.

Then on Saturday in the morning she swam 100 mt freestyle, then she swam 50 mt backstroke. At the end she won 2nd place, and she also won a silver trophy.

Talent Show at the CVPA

Entertainment Talent Show

by: Marion & María Julia

Talent Show: Jr Stuco (Ms. Carolina, Ms. Angela) annually organizes an elementary Talent Show that is during the last Friday of April or the closest one to Children's Day. It takes place on the theatre/auditorium of the Center for Visual and Performing Arts (CVPA). It is so elementary kids show their talent and have fun. The Talent Show is not only for dancing, you can sing, do magic tricks, act a comedy, and much more things. Many people also like to see the Talent Show because you get to see people's talents and maybe you feel like doing it too. This year's Talent Show is Friday, April 27th, 2018.

Economics

In the cafeteria the prices are too expensive and the food isn't very good. Did you know that every year the prices get higher about \$1 or \$2? We ask some people how much money do they spend per day and they told us that they spend about \$50 every day. We think that they should change the prizes like the gorditas from \$11 to \$9 and the water from \$12 to \$8 and they should put more healthy food.

Green Market

The green market is an event that cat-tus students and miss Gaby Aguirre (the science teacher) organize. The green market is all about selling things (such as plants, cookies, bags, ice cream, etc. etc.) And when people buy things they are helping people that need that money (well this is all about getting money to help). We took a look at all the stands and we noticed that all the things were very expensive at least there where from \$30 to \$100. If you got things from the green market you helped; people, and earth. If you keep on buying things from the green market, then, you will keep on helping the earth and people who need it. We should take care of all the materials at school. Just imagine how much money our parents and the school pays for all the supplies we use. Do you know that 1 classroom use more than 1000 pencil because we lose them or break them, and what about the eraser and the sharpeners? So in the school year for the supplies or parents spend at least \$1,000 for only supplies

Elementary

CATtus has organized the Green Market and it has been a success! They had plants, food, solar panels, etc. They do all of this to help the environment.

Elementary is preparing for the Talent Show that will be on April 27th, 2018 at the CVPA. The entire student and not just on the academics. CAT had applied the Olweus Program to help build positive relationships and prevent bullying.

Children's Day Is Coming!

In April 26th CAT celebrates Children's Day. All Elementary will celebrate having a day of fun, games, and the Talent Show. We'll also have games and activities both inside and outside the classroom like Silent Ball and 4 Cones. We hope that everyone enjoys Children's Day, Talent Show, and this celebration of children's rights and the school spirit. ~Esteban F.G.

What do you think about the new Kindergarten building being built?

An interview between Gonzalo and a CAT parent.
(TRANSLATED)

Gonzalo: Good afternoon, can I ask you some questions?

Parent: Sure

Gonzalo: Great. What do you think about the new building being built?

Parent: I think it's quite nice that the school is growing and expanding its staff and faculties.

Gonzalo: When do you think it

will finish being built?

Parent: Maybe around 2020-2022 but I may be exaggerating.

Gonzalo: Thank you for your time, good afternoon.

Parent: Thank you! Bye!

Trash in CAT

Throwing trash at the ground is very bad, this apart from damaging the environment, could eventually end up in your food or drink. This would then lead to health problems like cancer, reproductive and developmental problems because micro particles can bind with compounds which have toxic metals like mercury. ~Esteban F.G.

What do you think about the cafeteria prices?

An interview between Gonzalo and a CAT student.
(TRANSLATED)

Gonzalo: Good afternoon, do you mind if I ask some questions?

Student: No, you can ask them.

Gonzalo: Ok, what do you think about the cafeteria prices?

Student: I think they are a bit expensive.

Gonzalo: What do you think they should do?

Student: Lower the prices on things that are too overpriced like some drinks.

Gonzalo: Ok very well, thank you.

Student: Is that all?

Gonzalo: Yes, thank you.

Student: Bye.
